TOTAL	\$ 1,495.00

This configuration provides real-time operator visibility through an in-cab 7" HD color monitor with alarm, external ground-level warnings via a flashing beacon with audible alert, and continuous video recording to a pre-formatted 512GB industrial SD card.

Includes a Complete Installation Kit with mounting hardware, wiring supplies and extension cables. Significantly reduces installation time and eliminates the need to source components separately.

EIN, W9, Wire Transfer Info, International Shipping, and Fleet Quotes are available. Contact John Buttery at John.Buttery@Riodatos.com or +1 (520) 501-0602.
